INDUSTRY CIRCULAR

Date : 18 October 2017

Subject : EXPIRY DATE EXTENDED TO **24 MONTHS FOR PSiRA
CERTIFICATE AND ID CARD FOR ALL SECURITY OFFICERS**

The Private Security Industry Regulatory Authority (PSiRA) has taken a decision to extend the Certificate Renewal period from **18 months to 24 months for all Security Officers**. The ID card and registration certificate for all SOs will now have a 24 months expiry date with effect from **1st November 2017**. The decision to extend the expiry date for all SOs to 24 months comes after careful consideration of comments and inputs received from you our valued stakeholders. The expiry date for the renewal of business registration certificate remains unchanged at **12 months**.

The Renewal of Certificate Project was initiated on the 1st December 2014 with the aim of curbing identity theft and improving industry compliance in the interest of public safety. The project has to date seen over 492 600 Security Officers being verified with the Department of Home Affairs and furthermore linked with their respective employers for accountability purposes.

It is important to note that ID Cards will also now be issued to all properly registered security officers irrespective of whether their employed or unemployed. All security

officers are therefore required to bring certified copy of their South Identity Document when coming to renew and collect their PSiRA Registration Certificate and ID Card.
